

## **News Release**

### **Contact information:**

Company Name: DaAn Gene Co., Ltd. of Sun Yat-Sen University

Contact Name: Mr. Chris Yan

Address: No.19 Xiangshan Rd, Science Park, High & New Technology  
Development District, Guangzhou China 510665

Tel Number: +86 20 32290789 ext 219

Fax Number: +86 20 32068126

Email address: [leeyuanba@gmail.com](mailto:leeyuanba@gmail.com)

## **China's Biomedical and Diagnostics Companies Set Sights on Global Market- DaAn Gene Co., Ltd. is One Step Ahead**

Over the past 10 years, DaAn Gene has experienced tremendous growth in the multinational business. They believe that the future of any company resides in the Global Marketplace. Therefore, they have focused the energies to look beyond borders, and establish new relationships under mutually beneficial scenarios.

DaAn Gene Co., Ltd. of Sun Yat-sen University is one of the leading manufacturers and suppliers of in vitro diagnostics (IVD) and PCR lab-equipments in China. Its revenue is billions RMB in 2007. Now the company has its staffs over 800.

DaAn Gene has taken on nearly 30 key research projects of state, province and ministries devoted itself to Fluorescence Quantitative PCR which is an independently developed gene diagnostic technologies with more than 50 kinds of diagnostic kits. Proportions of the PCR diagnostic kits have passed the State Institute of Quality Control of Medicines and Bioproducts, and

received Class-2 New Drug Certificates and Manufacture Approval from sFDA granted to industrialize the gene diagnosis of many disease, and high-tech research fruit.

DaAn Gene has also engaged in the research and development of time-resolved immunofluorometric (TRIF) technologies as well as industrialization of the TRIF reagents. This technology has been widely applied in clinical diagnosis of tumors, infectious diseases, endocrinopathy and autoimmunity diseases, therefore it has a vast market potential!

### **About DaAn Gene Co., Ltd of Sun Yat-Sen University**

DaAn gene was established in 1993 and listed in Stock Exchange of Shenzhen on August 9, 2004. As an exclusive manufacturer of in-vitro diagnostic reagents, Da'an Gene Co., Ltd. Group has owned cutting-edge biotechnology in the fields of molecular diagnostics, genetic engineering, cellular engineering, biochemistry engineering and immunoassay.

Da'an Gene has obtained the GMP certificate issued by China FDA in 2004 and the ISO certificate. In the year 2006, the company was awarded Certificate of ISO13485:2003. Now the company supplies PCR, ELISA, Biochemical and RAPID diagnostic kits, instrument, and lab-equipments. Several products are marked CE-Certificates.

With the philosophy of "QUALITY FIRST and CUSTOMER HIGHEST" in quality and management DaAn Gene Co.,Ltd. Group wins great trust and appreciation of its customers and consumers for its excellent quality and good services. The company has the distribution and service network all over China, and exports to America, Europe, Africa, India, Pakistan, South-eastern Asia, and other parts of the world.
